

## Research Medical Centre Practice Nurse

We are a busy Accredited Practice operating across 6 sites in the Nillumbik Shire and Northern suburbs. We provide all aspects of family medicine including Travel Health, Anti Natal Care and Anti Wrinkle treatments.

We are looking for an experienced Practice Nurse (Registered Nurse Division 1) to join our Research Medical Practice. The position will be 45 hours per fortnight (Monday, Tuesday, Thursday, Friday) and it is ideal if you have some flexibility to assist with leave coverage. The exciting role will be a combination of general practice nursing and preventative health.

### To be successful in your application, you will have:

- A current AHPRA registration
- Previous experience in a General Practice setting
- Certification as Nurse Immuniser
- At least 3 years' experience of General Nursing
- Exceptional time management and organisation skills
- Team Player who can also work autonomously taking on responsibility when required
- Have excellent communication and interpersonal skills
- Be computer literate; and
- Highly motivated and flexible to work a range of shifts (across different locations) which may include afternoons.

### Duties include (but not limited to):

- Wound Management
- Immunisations - Childhood, Adult & Travel Vaccines
- Chronic Disease Management Plans & Health Assessments
- Triage and result management
- Assist doctors with minor procedures
- General nursing appointments

Please forward applications to Louise Brooks via email [lbrooks@lifelonghealthcare.com.au](mailto:lbrooks@lifelonghealthcare.com.au)
